1. Organisation Overview:

- ❖ Name : Nosce
- ❖ Provide a brief history of the organisation.

Nosce was established in October 2025 by a group of friends who shared a passion for exceptional food, gaming, and creating memorable social experiences. Having grown up in Alexandra Township, they recognised the limited availability of safe, inclusive, and engaging recreational spaces for young people. Initially, they hosted gaming sessions, game nights, and movie nights for friends. As interest grew, more community members began attending these events, creating a demand for a dedicated space where people could connect, relax, and have fun.

This inspired the founders to establish Nosce as a lifestyle brand that combines quality food, entertainment, and community engagement. Alongside its gaming subsidiary, **Play Theory**, Nosce provides a welcoming destination where visitors can enjoy delicious meals, interactive gaming experiences, and a variety of social events. The organisation is committed to fostering a positive environment that encourages friendships, creativity, and community development.

- ❖ Mission and vision statements.

To create a vibrant community where exceptional food, entertainment, and meaningful social experiences come together, providing a safe, inclusive, and enjoyable environment that inspires connection, creativity, and personal growth. To become South Africa's leading community lifestyle and entertainment brand by transforming local communities through accessible, high-quality food, gaming, and social experiences while fostering lasting relationships and creating a positive social impact.

- ❖ Target audience.

Nosce primarily targets young people between the ages of **12 and 34 years**, including:

- Students
- Gamers and esports enthusiasts
- Young professionals
- Families
- Community members seeking quality food and entertainment
- Individuals looking for a safe, welcoming, and engaging social environment

By catering to this diverse audience, Nosce aims to become a central hub where people can dine, play, socialise, and build meaningful connections within their community.

Primary Audience	Description
Students	Secondary and tertiary students looking for affordable entertainment.

Gamers	Casual and competitive gamers interested in console, PC, and esports experiences.
Young Professionals	Individuals seeking quality food and social spaces after work.
Families	Parents and children looking for safe recreational activities.
Community Members	Residents seeking a welcoming environment for social interaction.

2. Website Goals and Objectives:

- ❖ Define specific goals for the website (e.g., increase website traffic, generate leads, sell products, or provide valuable information).

- ☑ Promote the Nosce brand and its services.
- ☑ Increase awareness of Play Theory gaming events.
- ☑ Allow customers to browse menus and upcoming events.
- ☑ Enable online table and gaming session bookings.
- ☑ Improve customer communication through contact forms.
- ☑ Grow Nosce's online presence across South Africa.

- ❖ Determine and present key performance indicators (KPIs) to measure success.

KPI	Target
Monthly Website visitors	R3000+
Online Bookings	150 per month
Event Registration	Increase by 25% within 6 months
Average Session Duration	Over 3 Minutes
Customer Enquires	Increase by 30%

3. Current Website Analysis (if applicable):

Nosce is a newly established organisation and currently does not have an official website.

Current Online Presence

- Instagram
- Facebook
- TikTok
- WhatsApp Business

Weaknesses

- No central platform for customers.
- Customers cannot book online.
- Limited information about menus and events.

- No search engine visibility.

4.Website Features and Functionality:

- The website will include the following:
- Home Page
- About Us
- Food Menu
- Play Theory Gaming Hub
- Events Calendar
- Gallery
- Bookings Page
- Contact Us
- Frequently Asked Questions
- Social Media Links
- Google Maps Integration
- Newsletter Signup

5. Design and User Experience:

Colour	Purpose
Black	Premium appearance
Gold	Luxury and elegance
White	Readability
Orange	Energy and excitement

Typography

- Headings: Poppins Bold
- Body Text: Open Sans Regular

Design Approach

The website will feature a modern, responsive, and visually engaging design with high-quality images, clear navigation menus, prominent booking buttons, and fast loading speeds.

User Experience

- Mobile-friendly design
- Easy navigation
- Clear call-to-action buttons
- Accessible colour contrast
- Simple booking process

6. Technical Requirements:

- Identify hosting and domain name requirements and programming languages and frameworks (e.g., HTML, CSS, JavaScript).

Component	Requirement
Domain	www.nosce.co.za
Hosting	Shared web Hosting
Languages	HTML, CSS, JavaScript
Responsive Design	yes
Version Control	GitHub
Browser Support	Chrome, Edge, Safari

7. Timeline and Milestones:

week	Milestone
Week 1	Research and Proposal
Week 2	Wireframes
Week 3	HTML Development
Week 4	CSS Styling
Week 5	JavaScript
Week 6	Testing
Week 7	Improvements
Week 8	Final Submission

8. Budget:

- Estimated budget for development, hosting, and maintenance (while this is a series of assignments, the budget should reflect realistic amounts based on your research).

Item	Estimated Cost
Domain Registration	R250/Year
Web Hosting	R1500/Year
Website design & Development	R18 000
Graphic Design	R300
Website Maintenance	R750/month
Photography & Content	R500

ESTIMATED PROJECT TOTAL= R25 250
